

TRAVELLING TO MARGOT'S

The Ardèche has no airport, no trains, and the bus service is limited. This means that there is beautiful clean mountain air and pretty much non-existent plane traffic overhead. It also means that your adventure begins from when you set off, and by the time you arrive here at Margot you will have switched off good and proper.

[To get into the mood we have made a playlist for your journey here.](#)

- It is simple to get to Margot but planning your journey is essential! -

CAR HIRE – We recommend car hire if you decide to fly, simply because the region is beautiful and having a car will give you much more opportunity to discover the Ardèche.

Car hire is possible from airports, Montélimar and most other big train stations as well as big supermarkets.

TAXIS – Please note that taxi rates are set nationally and expensive.
